

There are special people on the staff at your school whose job is to help improve students' concentration and classroom participation, increase SOL test scores and make sure students' stay healthy.

Although the cafeteria employees don't see inside of a classroom very often, they do make a huge daily contribution to all students' educational success.

We are so grateful for these special employees who work diligently behind the scenes every day to create delicious meals while ensuring compliance with the many health and safety rules and regulations!

Please join us in saying thank you to our outstanding cafeteria staff on *School Lunch Hero Day*, Friday, May 3.

Start your day with

breakfast at school - *it's free!*

With a school breakfast, students can choose one (1) entrée of their choice from many options such as biscuits, cereals, breakfast bars, & pastries.

In addition, fresh fruit, 100% fruit juice, and milk are offered too, and students may choose one of each of these.

Students simply pick up breakfast from the cafeteria and can take it with them to eat in their homeroom classes.
